

Cross Stitch Apron

Shopping List:

Dimensions® Counted Cross Stitch Kit - #65061 Mediterranean Flavors
Apron
Coordinating ribbon – 1/4"
Straight pins
Sewing thread that matches the ribbon
Sewing machine

If you prefer not to sew your design and ribbon in place, you can use a washable fabric glue

Instructions:

1. Trim excess fabric from around the stitched design, working three squares out from your stitching on all sides. Trim the corners at an angle.
(insert GCNCCSPRJ2PIC2.jpg)
2. Place the stitched design on the apron in the desired position. Working just inside the edge of the fabric, machine stitch the design in place.
3. Starting at the center top, pin the ribbon around the design, slightly overlapping the edges of the fabric. Fold the ribbon at the corners as shown. Abut the end of the ribbon with your starting point.
(insert GCNCCSPRJ2PIC3.jpg)
4. Use a zigzag stitch to machine stitch the ribbon in place.
5. Use another piece of ribbon to form two bow loops with a knot in the center. Tack the knot in place at the center top of the design where the ribbon ends meet.
